

DIGITAL MARKETING INTERNSHIP

WEEK 02

Prepared by: Jamila Haider

Date: 15-07-2026

Task 02:

On Page SEO:

Target Page: Homepage of 'Ghar Ka Khana' — a desi restaurant in Rawalpindi, Pakistan.

Page Overview

For this on-page SEO plan, I have selected the homepage of an imaginary restaurant called 'Ghar Ka Khana' (meaning 'Home-Cooked Food') — a desi restaurant in Rawalpindi serving traditional Pakistani cuisine including biryani, karahi, nihari, and desi breakfast. The homepage is the most important page on any restaurant website and must be fully optimized to rank for the primary local keywords identified in Task 1.

Core SEO Elements

Focus Keyword

Focus Keyword	best desi restaurant in Rawalpindi
Secondary Keywords	desi food Rawalpindi, Pakistani restaurant Rawalpindi, family restaurant Rawalpindi, karahi Rawalpindi
Search Intent	Commercial — user is comparing restaurants before deciding where to visit or order from

SEO Title

SEO Title	Best Desi Restaurant in Rawalpindi Ghar Ka Khana
Character Count	51 characters (under 60 limit)
Why it works	Focus keyword appears at the start. Brand name at the end. Clear, descriptive, and clickable.

Meta Description

Meta Description	Enjoy authentic home-style Pakistani food in Rawalpindi. Family-friendly desi restaurant serving fresh biryani, karahi & nihari daily. Order online or visit us!
------------------	--

Character Count	158 characters (under 160 limit)
Why it works	Includes focus keyword, secondary keywords (biryani, karahi), a call to action ('Order online or visit us'), and appeals to family audience.

SEO-Friendly URL

Recommended URL	www.gharrakhana.pk/best-desi-restaurant-rawalpindi
Bad URL example	www.gharrakhana.pk/home?page=1&id=23
Why it works	Short, readable, contains focus keyword, uses hyphens (not underscores), no unnecessary parameters.

Heading Structure (H1–H3)

Tag	Purpose	Suggested Text
H1	Main page title — use once	Best Desi Restaurant in Rawalpindi — Authentic Home-Style Pakistani Food
H2	Section headings	Our Menu — Freshly Cooked Every Day
H2	Section headings	Why Rawalpindi Loves Ghar Ka Khana

Biryani dish photo	fresh chicken biryani served at Ghar Ka Khana desi restaurant Rawalpindi
Karahi dish photo	traditional mutton karahi — Ghar Ka Khana restaurant Rawalpindi
Restaurant interior	family-friendly desi restaurant interior — Ghar Ka Khana Rawalpindi
Chef cooking	head chef preparing authentic Pakistani food at Ghar Ka Khana Rawalpindi
Delivery image	fast food delivery service from Ghar Ka Khana restaurant Rawalpindi

Internal & External Linking Plan

Internal Links (within the website)

- Homepage → Menu Page: anchor text: 'View our full menu'
- Homepage → Order Online Page: anchor text: 'Order food online in Rawalpindi'
- Homepage → Blog: anchor text: 'Read our food blog'
- Homepage → Contact Page: anchor text: 'Find us in Rawalpindi'

External Links (to other credible sites)

- Pakistan Food Authority (PFA): link to pfa.gov.pk to show halal/food safety compliance
- Google Maps listing: embed and link to Google Maps for local SEO boost
- TripAdvisor / Zomato: link to reviews page to build trust and social proof

Content Optimization Guidelines

- Word count: homepage content should be at least 500–800 words to give Google enough context.
- Keyword density: use the focus keyword 3–5 times naturally — never force it. Google penalizes keyword stuffing.
- First 100 words: mention the focus keyword 'best desi restaurant in Rawalpindi' within the first paragraph.

- Readability: write for humans first, search engines second. Short paragraphs, simple language, clear headings.
- E-E-A-T signals: include 'About Us' section mentioning years of experience, chef credentials, and authentic family recipes to build trust.
- Local signals: mention Rawalpindi naturally throughout the content — address, landmarks, delivery areas.
